

Android Type 01

5.08.2025

Version 1.0.0

Neko Legends

<https://nekolegends.com>

Overview

 [Check out the live web demo here](#)

 **Bundle Deal:** This package is included in the [Neko Legends - 3D & VFX Starter Bundle](#).

Dependencies required for demo scene to work similar to the video:

-  [Shared Assets Demo URP](#) (FREE) contains demo GUI and scripts as shown on video
-  [Neko Legends - Anime Cel Shader](#) for anime style graphics and shiny metals

Fully Rigged & Ready to Animate

Built on Unity's **Humanoid** rig for seamless retargeting and compatibility with third-party FBX animations.

Android Type 01 is my first humanoid android—built for speed, simplicity, and easy integration. Lightweight, low-cost, and ready for your custom animations.

Tested on **Unity 2021.3.34f1** ,**Unity 2022.3.18f1** and **Unity 6**.

Features

-  4 outfits
-  3 Animations Included: Hip Hop Dance, Running, and Standard Walk
